Full Stack Web Developer with an extensive background in the music industry. Graduate of the University of Texas Coding Boot Camp with skills in HTML, CSS, React, NodeJS, Express and SQL as well as NoSQL databases. A Grammy nominated musician who understands the importance of mastering skills through practice and perseverance. I've found similarities between coding and learning an instrument, as they are both challenging yet every small victory is more rewarding than the last. Able to apply this passion to my work as a programmer. Eager to combine my background in music with my technical skills to help the developer team build, test and deploy high quality products.

TECHNICAL SKILLSTre

HTML, CSS, Javascript, jQuery, Bootstrap, SASS, TailwindCSS, Node.js, SQL, NoSQL, Express.JS, REST APIs, MongoDB, React

PROJECTS

Yay Or Nay
Role: Node/Express server, User Authentication, Database Models
https://github.com/trevorsmithbanjo/p2_org_decider |https://p002-yay-or-nay.herokuapp.com/
- An Employer's Dashboard application to sign up employee's and have them vote on topics, for example "Where should the office order lunch from?"

https://github.com/trevorsmithbanjo/track-fit | https://trevorsmith-fit-track.herokuapp.com/
- A fitness tracking application for the user who wants to easily add exercises and view dynamically rendered charts of their current and past exercises.
- Tools/Languages: HTML, CSS, Bootstrap, Javascript, Mongoose, MongoDB

WORK EXPERIENCE

Wood & Wire   Mar 2012 - Sept 2020
Co-owner/ Music Performance   Austin, TX
- Determined founding member of the Grammy nominated bluegrass band. As a co-owner, helped the band grow from a small following in Austin, Texas to a national touring band playing major festivals and venues.
- Hardworking member of a team with a rigorous travel schedule playing 150 dates a year nationwide, all while writing and recording new albums.
- Overhauled merchandising and more than doubled profits during a seasonal tour. This resulted in the company being able to hire a merchandising lead, which garnered more profitability for the company.

Green Mountain Grass   Feb 2007 - Feb 2011
Music Performance   Austin, TX
- Energetic team member joining the national touring band on their hardworking schedule of 250 dates a year.
- Passionate and attentive, learned a large repertoire of material in a short period of time. Was an integral member of the group and contributed significantly to the growth of the project.

EDUCATION

Full Stack Web Development Bootcamp Certificate: University of Texas, Austin, TX (March 2021)
